Caroline Greig
Production Manager

PRODUCTION MANAGER

Profile

I'm a Production Manager with a genuine love for making things happen. I've worked across a pretty broad mix of production, from TV commercials, broadcast promotions and branded content to social films, documentaries, photography and music videos. I'm hands-on, organised and calm when things get busy. I'm comfortable managing budgets, schedules, crews, locations and all the detail that goes into making a production work and I'm a problem-solver by nature and will always find a way to keep things moving, even when the unexpected inevitably pops up.

Here is a selection of the work that I have Production Managed over the years.

Commercials

Prod. Co.	Production	Director	Producer
