

## Patrick Cadell 1st Assistant Director (DGA)

---

Having been in the industry for close to fifty years and a 1st AD for over forty it would put most people to sleep listing all that has happened in that time. Hundreds of commercials over the last thirty five years, working in over fifty countries with many London and US based companies. Being bilingual in French has led to a lot of work in France and I have extensive experience working on US, UK & French productions worldwide.

Most types of shoots, from underwater to aerial sequences and all in between. Crowds in their thousands, complex stunts of all sorts, animals of all kinds. Classic studio shoots, period dramas, high end fashion and complex vfx, but also simple and detailed every day shoots.

I have worked with Steven Spielberg, David Lean, Ridley & Tony Scott, Robert Redford, Al Pacino, Marlon Brando, Sean Connery, Roger Moore, Michael Caine, and more recently, David Beckham, Ronaldo, Messi ... and many other actors and Premier League players.
