OTHER WORK

Sky Creative **Assistant Producer** **October 2022 – November 2024**

Assistant producer at Sky Creative where I was able to build experience working on agency side. I helped build budgets, supply briefs to freelancers on OOH advertising and organise a huge server to ensure work could be found easily for new projects.

BW Parasite Films **Production Assistant** **November 2024 – January 2025**

Working on a smaller budget feature length film gave me experience working in long form and the challenges that arise with that such as keeping care for the cast high, ensuring crew are happy with their contracts, managing the production office when producer and coordinator were on set.
