OTHER WORK

Sky Creative **Assistant Producer** **October 2022 – November 2024**

Assistant Producer at Sky Creative, where I gained valuable experience working agency-side. I helped build budgets, supplied briefs to freelancers for OOH advertising, and organised a large server to ensure work could be found easily for new projects.

BW Parasite Films **Production Assistant** **November 2024 – January 2025**

Working on a low-budget feature film gave me valuable long-form production experience, including maintaining cast welfare, managing crew contracts, and overseeing the production office while the Line Producer and Production Coordinator were on set.

LOCATIONS I HAVE WORKED

United Kingdom, South Africa, China

EDUCATION

Business Management degree, including a placement year at A&E Networks UK, working in continuity and scheduling for channels including The History Channel.

SKILLS

Creating call sheets, booking crew, negotiating with suppliers, shortlisting locations, assisting with budgets, being approachable on set, 8+ years' industry experience with an extensive contact network, trusted by production managers and producers, organising catering and shoot logistics, booking transport, proactively resolving issues, managing float and expenses, and proficient in Excel, Word, Google Docs/Slides, Pages and Keynote, including building PPM decks.
